info@mta-uk.org

Cost £10 (Members) £20 (Non-Members)

For queries on the day, please contact Lubna Khan, Vice-President, on 07834 195007

Assessing learning throughout your science lesson is the single most powerful way to ensure that all students make good progress. We will focus on secondary science, but most of these strategies may be applied to any subject and any age-group.

In this session you will explore:

- **A wide range of strategies for light-touch assessment for learning (rather than just assessment of learning).**
- **How questioning may be used to make micro-adjustments through your teaching**
- **How group talk may be used to promote deeper understanding**

Berrymede Junior School is a 'Good' school which has been awarded the GPU education for Excellence 2013.

This event has been organized by the Muslim Teachers Association. The Muslim Teachers Association was established in 1979 and is a non-profit making organisation run by and for Muslim teachers. Our main aim is to link Muslim teachers together provide support or and advise Muslim teachers and address the issues that Muslim teachers and Muslim pupils face in schools today.

Information about the presenter

Yeasmin Mortuza

Yeasmin was a biochemistry researcher for 12 years. Yeasmin switched over to teaching to make a positive impact on young peoples' view of learning. Her teaching and educational consultancy roles over 15 years have included Head of Science, ICT teacher, cross-curricular intervention teacher and behaviour advisor, and Secondary Science Teaching & Learning Consultant for three East London local authorities. Currently Yeasmin is an independent educational adviser.

Information about the MTA executive committee members available for mentoring sessions

Rukhsana Yaqoob

Rukhsana is the President of the Muslim Teachers' Association, was a tutor on the Investing in Diversity programme at the Institute of Education, has been a school governor for many years, has been on Teacher's TV and the Islam Channel and has been a mentor for the Black Professionals Network.

Presently she is a freelance educational consultant who has been a secondary school teacher for many years, as well as working for the National Strategies as a Narrowing the Gap Regional Adviser where she worked on the Minority Ethnic Achievement Programme (MEAP) to raise the attainment of Pakistani, Bangladeshi, Turkish and Somali pupils in the UK.

Lubna Khan

Lubna Khan is a Head Teacher in a large Junior School for the past 10 years. She is a local Leader of Education and a Mentor for NPQH candidates. Her school has many accolades for being inclusive and having a rich global dimension. She is also active in the borough serving on numerous committees developing strategies and sharing good practice.
